# **CURRICULUM VITAE**

## SANTI K.M. BHAGAT

## **EDUCATION**

GRADUATE SCHOOL: Diplomate, M.P.H., Health Policy

School of Public Health and Health Services

The George Washington University Medical Center

Washington D.C. 20052 September 2000 – May 2003

MEDICAL SCHOOL: Bangalore University

Bangalore, Karnataka, India January 1980 - February 1985 M.B., B.S. diploma issued

Rotating Internship: June 1986 - June 1987

Karnataka State Licensure, 1987

COLLEGE: University of Maryland, College Park, MD.

September 1977 - June 1978 Goucher College, Towson, MD. January 1979 - December 1979

HIGH SCHOOL: Paint Branch High School, Burtonsville, MD.

September 1974 - June 1977

## **EMPLOYMENT HISTORY**

CONSULTING: Mandava Associates

1730 M Street, N.W. Suite 906

Washington D.C. 20036

N. Bhushan Mandava, Ph.D, President

January 1999 - present

FELLOWSHIP: Callendar-Binford Fellow

Department of Endocrine Pathology Armed Forces Institutes of Pathology

Washington D.C. July 1 –July 2, 1996

Clara Heffess, M.D., Section Chief Dennis Heffner, M.D., Chairman

Leave of Absence for family health reasons

RESEARCH FELLOW: Department of Endocrine Pathology

Armed Forces Institutes of Pathology

Washington D.C.

October 1995 – June 1996

Clara Heffess, M.D., Section Chief

RESIDENCY: Anatomic and Clinical Pathology

Department of Pathology

Georgetown University Medical Center

Washington D.C. 20007 July 1991 – September 1995

David Garvin, M.D. and Gerald Sandler, M.D., Co-Directors, Residency Training Program

RESEARCH FELLOW: Department of Hematopathology

Laboratory of Pathology

National Cancer Institute, National Institutes of Health

Bethesda, Maryland 20892 March 1990 - June 1991

Elaine Jaffe, M.D., Section Chief

## **LICENSURE**

District of Columbia Available upon request

## PROFESSIONAL SOCIETIES

American Medical Association

## **PUBLICATIONS**

- 1. Medeiros, L.J., Bhagat, S.K.M., Naylor, P., Fowler, D., Jaffe, E.S., Stetler-Stevenson, M.: Malignant Thymoma Associated with T-cell Lymphocytosis: A Case Report with Immunophenotypic and Gene Rearrangement Analysis. Arch. of Path. 1993;117;279-283.
- 2. Bhagat, S.K.M., Medeiros, L.J., Weiss, L.M., Wang, J., Raffeld, M., Stetler-Stevenson, M.: Bcl-2 Expression in Hodgkin's Disease. Correlation with the t(14;18) Translocation and Epstein-Barr Virus. Am. J. Clin. Path. 1993;99;604-608.

## **ABSTRACTS**

1. Bhagat, S., Raffeld, M., Wiess, L., Jaffe, E., Mason, D., Stetler-Stevenson, M.: Bcl-2 Expression in Hodgkin's Disease and it's association with the t(14;18) translocation and EBV.

Presented at the 81st Annual Meeting of the International Academy of Pathology.

2. Bhagat, S., Bagg, A., Rubin, M., Sioutos, N., Hartmann, D., de Brito, P.: Cytologic, Immunophentotypic and Immunogenotypic Analysis for Pleural Effusions from Patients with history of Lymphoma/Leukemia.

Presented at the 42nd Annual Meeting of the American Society of Cytology.

3. de Brito, P., Bhagat, S., Sioutos, N., Montgomery, E., Bagg, A.: Cytologic Features, Immunophenotyping and Antigen Receptor Immunogenotyping of FNA Samples obtained from Patients with Lymphadenopathy.

Presented at the 42nd Annual Meeting of the American Society of Cytology.

- 4. Bhagat, S., de Brito, P., Ayala, G., Montgomery, E., Sioutos, N., Bagg, A.: Fine Needle Aspiration (FNA) Cytology of Benign Lymphoepithelial Lesions of Major Salivary Glands: The Role of Immunophenotypic and Immunogenotypic Analysis.

  \*Presented at the 42nd Annual Meeting of the American Society of Cytology.\*\*
- 5. Laver, N., Bagg, A., Bhagat, S., Azumi, N., Hartmann, D., de Brito, P.: Cytologic and Immunophenotypic Analysis of Cerebrospinal Fluid Lymphocytes of Patients with known or suspected Lymphoproliferative Disorders.

Presented at the 42nd Annual Meeting of the American Society of Cytology.

## RESEARCH PROJECTS

#### GEORGETOWN UNIVERSITY MEDICAL CENTER

Developed RT-PCR assay for Chronic Myeloid Leukemia diagnosis in Molecular Diagnostics Laboratory.

Investigated role of routine testing of Syphilis and callback to positive Blood Donors with the American Red Cross.

#### CHILDREN'S NATIONAL MEDICAL CENTER

Evaluated testing of Disseminated Intravascular Coagulation in the Pediatric Population, presented findings at Annual Poster Session.

## ARMED FORCES INSTITUTES OF PATHOLOGY

Sarcoidosis of the Thyroid Gland. Evaluated cases in archives with clinico-pathological correlation.

## **VOLUNTEER ACTIVITIES**

## **HEART POWER**

This is a non-profit organization. The mission is to help children with chronic illnesses. Activities are conducted with East-West Tae Kwon Do of Potomac, Maryland. In the past, we held an entertational demonstration for patients at The Children's National Medical Center and had a carwash in which we raised over \$700 in five hours for Juvenile Lupus. As children with Lupus do not have support groups, we asked the Lupus Foundation of the Greater Metropolitan Area to use these donated funds for these children. This money is being used as a catalyst to start an e-mail buddy system for children with Lupus. Future plans include registering the organization with Montgomery County for participating students to acquire student service learning credits.

#### SRI VISHNU TEMPLE

I am a member of this temple, and have volunteered my services at this temple from July, 1997 to March, 1999. I worked approximately six times a year, for three to four hours a day.

## POTOMAC ELEMENTARY SCHOOL

I volunteered my time at this school on a daily basis from September, 1996 until June, 1997. I was active in three classrooms assisting the teachers, monitoring students and with school social events. I dedicated 15 hours a week.
